

Volume of
solution

```
graph LR; A[Volume of solution] --> B[Moles of solute]; B --> C[Mass of solute];
```

A flowchart with three rectangular boxes connected by arrows. The first box on the left is light blue and contains the text 'Volume of solution'. An arrow points from this box to a second box in the middle, which is light orange and contains the text 'Moles of solute'. Another arrow points from the second box to a third box on the right, which is light yellow and contains the text 'Mass of solute'.

Moles of
solute

Mass of
solute
